

Antari HZ-500 Haze Machine

Description

The Antari HZ-500 Haze Machine is a silent, energy-efficient hazer effect machine. It works perfectly with laser beam and lighting to bring the best atmospheric effects to all events. A great choice for stage designers, performers, and audiences who are quite sensitive to surrounding settings.

Features:

- Low-Noise: Below 70dB at 10 cm distance
- Dry Haze: No redundant moisture
- Extremely Small Particles for faster and further hanging time
- Metal net and intake hole filter prevents clogging problems
- Super Low Haze Liquid Consumption Rate: 20 hours / per liter
- Compact flight case

Manufacturer	Antari
Effect Type	Haze
Required Material	Fluid
