TRACTOR WITH ON-BOARD GENERATOR

The International® 9700 is a full size, twin-screw tractor. It boasts an 1800 amp on-board LitePower® generator that runs either 208v or 480v. This generator can be combined with a second unit to provide uninterrupted redundant power.

8' STAKE BODY WITH ON-BOARD GENERATOR

The Hino® 268 stake body features a 1400 amp, 208 volt on-board generator, an 8' stake bed, a 3,000 lb. capacity (96" x 60") liftgate, and a 16,000 lb. towing capacity, all in one convenient package. It is the perfect vehicle for features, episodic TV, and event production.

TRAILERS

48' length x 13.5' height

California-style semi-trailer with full length jockey boxes. Fully shelved as an electric or grip trailer. Features an office with air conditioning and locked storage. Includes 4500lb. 98" x 82" aluminum liftgate.

EMPTY GRIP TRUCKS

Tow capable with large auto-leveling liftgate for easy loading and un-loading. Shelving available upon request.
