

## Profoto Pro Twin Head

Similar to the Pro head, but features two U-shaped flash tubes. You can attach two generators to achieve twice the energy (a total of 4800Ws). When used with one generator a are plugged into two generators, faster recycling is possible as the power of each generator can be reduced to achieve the same light output. Fits all Pro-7 and Pro-8 generators. Fan cooled.

Profoto flash heads are as practical as they are elegantly simple. All Pro heads accept Profoto's system of modular light shaping tools. The basic Profoto modular flash head design features a circular, heavy duty Quartz flash tube which surrounds the modeling lamp. It provides even illumination and maximum light output. All lamphead cables feature Profoto special connectors for safety, security and convenience, and new dual lead technology for better, reliable performance. All heads feature 5/8" stand adapter.

Interchangeable glass covers can be selected to warm or cool and soften or sharpen the light to your personal style. In combination with frosted or clear UV coated or uncoated Profoto glass covers, an effective change of lighting warmth and character can be achieved.

This product can only be shipped to U.S. addresses.

### Profoto #900719 Features

- Superior performance in a tough and compact casing.
- Dual heavy-duty quartz flashtube delivers up to 9,600 Ws of light.
- Compatible with the entire range of Light Shaping Tools.
- Very safe to use thanks to the UV reducing glass cover and arc-proof connector.
- Temperature controlled fan will keep head and accessories cool even during excessive use.
- Profoto Magnum Reflector included - a clever tool that maximizes the light output while maintaining a smooth light spread and limiting the spot effect.

<b>Flash Capacity</b>	up to 9600 Ws
<b>Modeling Lamp Wattage</b>	500W halogen
<b>Flash Tube</b>	2 uncoated flash tubes
<b>Fan Cooled</b>	Yes
<b>Magnum Reflector at 8</b>	128.3
<b>Zoom Reflector at 4</b>	64.3
<b>White Umbrella at 7</b>	32.3
<b>Magnum + Twin + 2 Gen</b>	180.3
<b>Cable length</b>	13' (4m)
<b>Dimensions</b>	3.9 x 11.2 in. (10 x 28.5 cm)
<b>Weight</b>	5.5 lbs (2.5kg)
