

# Profoto ProHead Plus

Profoto ProHead Plus is remarkably lightweight and compact in size, but equally as tough and reliable as the Pro packs themselves. The ProHead Plus is compatible with more than 120 Profoto light shaping tools and designed to support the Profoto zoom function. It's a unique feature that allows you to shape light by simply sliding a reflector back and forth on the head.

## Features:

- Superior performance in a tough and compact casing
- "Perfect Arc" flash tube included – a heavy-duty quartz flash tube that guarantees perfect light and maximizes its lifetime.
- Very safe to use thanks to the extra thick UV reducing glass cover and sealed Arc-proof connector.
- Temperature controlled fan keeps head and accessories cool even during excessive use.
- Compatible with 120+ of Profoto light shaping tools.
