

Ultratec Radiance Hazer

Description

The Ultratec Radiance Hazer is the next major advancement in water based haze technology. Once again, Ultratec is setting new standards that all other haze machines will be measured against. Features include: Built-In DMX that controls both the haze output and the internal fan. This combination offers excellent haze control and even dispersion. The Radiance can also be operated by an optional remote or by utilizing the on board variable settings. Additional features include an IDC removable power cable and multiple use bracket. The Radiance uses the Luminous 7 Haze Fluid which is a proven fluid that offers the best in low consumption and great hang time. It utilizes the various sizes of the Ultratec fluid containers.

Serviceability is key; built with Ultratec's innovative 4-Port Rapid Clean Vaporizer. It can be cleaned and returned to service in less than 15 minutes.

Features:

- 4-Port Rapid Clean Vaporizer
- Built-In DMX
- Variable Fan
- Variable Haze Output
- Stand Alone Operation
- Optional Remote w/ Timer
- Uses 2L or 4L Jug
- Enormous Output
- Run Time: Continuous
- Reheat Time: 8 minutes
- Fluid Consumption: 6.7 cc / minute (Full Output)
- Technical Benchmark Spec.: 400 cc/ hour (continuous)
- Competitive Comparison: 10,000cfm

Manufacturer	Ultratec
Effect Type	Haze
Required Material	Fluid
Run Time	Continuous
Reheat Time	8 minutes
Fluid Consumption	6.7cc/minute (full output)
Fluid Capacity	2 Liter Jug, 4 Liter Jug
Model Number	CLF-2460
Weight (lbs)	28
Dimensions	16.5 x 11 x 7"
